Brief history of the school

Eden Academy was founded in 2006 with the aim of providing education in a supportive and nurturing environment. Starting with a small team, the school focus on academic excellence, discipline, and overall development of its students. Over the years, Eden Academy has built a good reputation for encouraging high performance and responsible behaviour. Today, the school continues to provide quality education and remains committed to develop discipline and well-rounded students.

Topic 10.7.2.1 Team teaching: Co-plan, Co-teach, and Co-assess

Days of visits Thursday

Date of visits 8th October 2026

- Exhibit knowledge and skills of co-planning, co-teaching, and co-assessing by answering the following questions:

1. Which new teacher competences (aspects of the NTS) have I learnt or developed further in the course of co-planning, co-teaching, and co-assessing the lesson?

EDEN ACADEMY
P. O. BOX [illegible]
KUMASI

- Knowledge of the curriculum and subject matter
- Understanding learners and their learning styles.
- Collaborative Lesson Design and Planning
- Differentiated and team teaching methodologies
- Feedback / collective responds
- Professional Resiliance and adoption.

2. Which of the three aspects, co-planning, co-teaching, and co-assessing a lesson did I find most challenging and why?

Co-Planning because specifically finding protected shared time to meet outside of busy teaching schedules, as well as negotiating different ideas on lesson objectives and activities.

3. How did I overcome any challenges I encountered in the course of co-planning, co-teaching, and co-assessing a lesson?

- We shared responsibilities
- We had clear communications
- Analyzed data collaboratively
- We structured routines

4. How did I apply new knowledge I got in co-planning a lesson?

I used a structured, collaborative process that directly connects with what i learned with my students needs.

EDEN ACADEMY
P. O. BOX 1331
KUMASI

Topic 10.7.2.2: Teaching learners with diverse background

Days of visits Thurday

Date of visits 15th

- Demonstrate knowledge and skills of how to teach, motivate, manage, and extend the learning of all learners irrespective of their background by answering the following questions:

1. How can I ascertain that a lesson is GESI responsive?

It actively involved all participants by
-Inclusive participation
-Bi-gender and diverse groupings
-Bias-free materials
-Differentiated pedagogy
*Continious formative observation
Improved learning outcome

2. How can I identify learners' learning needs in a GESI responsive way?

-Continious formative observation.
-Improved learning outcome
-Learner profile and background checks
-Open dialogue and self-reporting

3. How can I tell if a GESI responsive intervention has worked?

-Active and equal participation.
-Improved learning outcomes
-Positive behavioral changes
-Increased learner agency

Topic 10.7.2.3: Classroom Enquiry: Teaching and Learner's Learning

Days of visits

EDEN ACADEMY
P. O. BOX 1031
KUMASI

Date of visits

- Demonstrate knowledge and understanding on how to conduct a classroom enquiry on teaching and learners' learning by answering the following questions:

1. How can I collect accurate data on how different learners learn?

- Formative assesments : eg - think pair share, quizzes
- Learning Style inventories eg - Visual, auditory, kinesthetic.
- Direct classroom observation
- Student teacher conference

2. How can I use learners' assessment scores to identify their learning needs?

- I Break down test scores by specific questions or skills to see exactly which concepts the majority of the class missed.

- I Look closely at wrong answers to determine if mistakes are due to a core misunderstanding.

- I Group student scores into categories

3. How do I know which intervention for addressing learners' needs is most appropriate?

- I choose intervention methods that are proven effective by educational research for that specific learning gap.

- Match the intervention directly to the problem eg. If the student lacks decoding skills, Providing phonics instruction, not just more reading time
- Progress monitoring

4. How will I apply new knowledge I got in identifying and addressing learner learning needs?

- I will modify future instructional designs to include tiered tasks

- I will also establish a more systematic routine for record observations and assesment breakdowns weekly rather than just report card.
- Continious collaboration.

EDEN ACADEMY
P. O. BOX 1031
KUMASI

Topic 10.7.2.4 Leadership Qualities in the Wider School Community

Days of visits

Dates of visits 22nd

1. How do I assess the importance of co-curricular activity to me as a student teacher?

- Holistic Development
- Relationship Building
- Classroom management
- Skill enhancement.

2. Why should I know about the activities of PTA, SMA and other relevant education stakeholders?

- Community Collaboration eg. PTA, School management Committee bridges the gap between the school Parents and the local Community.
- Decision making and governance
- Student Support System
- Resource mobilization.

3. What new knowledge have I learned from participating in the co-curricular activities in my training school?

- Diverse Talents
- Teamwork Dynamics
- Holistic Development
- Relationship Building

EDEN ACADEMY
P. O. BOX 1331
KUMASI

Topic 10.7.2.5: Meeting the National Teachers' Standards

Days of visits Thursday

Dates of visits 29th

1. How can I identify the NTS targets I need to achieve?

- Review official framework documentation.
- Consult with my metor
- Conduct self-reflection
- Audit lesson activities.

2. How can I achieve these targets a) on my own b) with the help of others?

- Engage in proactive research
- Write varied lesson notes
- Maintain high expections
- Collaborate with peer partners
- Seek mentor observation feedback
- Foster Community partnership.

3. How do I know which gender responsive cards are relevant in a lesson?

- Analyze the classroom demographic arrangement.
- Audit teaching and learning resources.
- Match lesson objectives
- Address learning challenges selectively

4. How can I assess the impact of gender responsive cards on a lesson?

EDEN ACADEMY
P. O. BOX 1331
KUMASI

- Monitor tracks and take notes of any visible changes in student engagement.

-Collect targeted feedback from students to gauge how Comfortable, Safe, and valued they felt during the delivery.

-Utilize a gender responsive Scorecard.

Topic 10.7.2.6: Action Plan for Lifelong Learning

Days of visits Friday

Dates of visits 30th October 2026

- Reflect on the following and record your responses:

1. How can I prepare a lesson plan that will help meet whole class learner needs and adequately promote GESI?

- Set multi-tiered learning goals so that advanced learnes are challenged.
- Choose stories, examples and and problems that reflect diverse genders Cultures and abilities.
- Intentionally mix groups by gender ability to encourage Peer to peer learning and cooperation.
- Allow students to demonstrate understanding through different methods.

2. How do I incorporate the appropriate ICT tools and activities in my lesson planning and teaching?

-Select technology based on the lesson objective rather than just for the sake of using screen.
-Use audio, visual clips, digital slideshows or educational games to cater visual and auditory learners simultan
-Active digital participations.
-Pre-plan Offline digital attenatives.

3. How can I use ICT tools and approaches to address GESI issues in the classroom?

EDEN
P. O. BOX
KUMAS

- Use text to text speech tools, screen magnifiers etc to support students with visual, hearing or learning difficulties.
- Gender - balance digital roles.
- Remedials and accelerated e-learning.
- Equalizing classroom learning.

4. What new knowledge have I learned from the use of videos in lessons?

- Easier and faster learning.
- Flexible in Pacing.
- Increased engagement and focus
- Blended environment.
- Better information and retention

Topic 10.7.2.7: Professional Teaching Portfolio Development

Day of visit Thursday

Date of visit 5th november 2026

- Reflect on the following questions and record your responses:

1. How do I draw a link between a professional teaching portfolio and STS professional teaching portfolio?

- A general teaching portfolio documents your overall career trajectory, core teaching philosophy general lesson plans and broad professional identity
- Draw a link by using the same foundational materials by like lessonplans, mentor evaluations and student work samples, but filtering them through STS perspective.
- Theory to practicing.

EDEN ACADEMY
P. O. BOX 13
KUMASI

2. How do I know what items should be put into STS portfolio and what items to put in a general professional teaching portfolio?

- SIS (Supported teaching in schools Portfolios: Put items that directly document school placement experiences and field practices. eg- file observation notes, lesson plans taught during Practicum, mentor feedback forms reflective journals on classroom
- General professional teaching Portfolio: Put items that show your overall long-term professional development, philosophy and qualifications. This includes your philosophy of education statement certificates of education, certificate of Professional development etc.

3. How can I assess the gaps in my content knowledge and pedagogical content knowledge?

- Review standardize curriculum guidelines to see which topics you struggle to explain clearly.
- Pedagogical content knowledge Assessment: by recording my own teaching and critical evaluate how effectively i transform complex concepts into relatable activities.

4. Explain at least two key things you have learned in this topic.

- I learnt that an STS portfolio is highly specific to practical classroom field experiences and immediate mentorship feedback
- I learned that continiously assessing gaps in both what i teach (Content knowledge) and how I teach it (pedagogical content knowledge) is essential for targeted professional improvement and better student outcomes.
